AND PRECIOUS METALS, IN THE ERONGO AND KUNENE REGIONS, NAMIBIA**

Environmental Compliance Consultancy CC (ECC) hereby gives notice to the public that an application for an environmental clearance certificate in terms of the Environmental Management Act, No. 7 of 2007 will be made as per the following:

Applicant: Uis - Afristin Mining Namibia (Pty) Ltd
Environmental Assessment Practitioner (EAP): Environmental Compliance Consultancy
Location: Erongo and Kunene Regions, Namibia

Proposed Project Activity: The proponent, Uis – Afritin Mining Namibia (Pty) Ltd, propose to undertake exploration activities on EPL 5445 and EPL 5670 for base and rare metals, industrial minerals and precious metals in the Erongo Region, Namibia.

Exploration methods may include an airborne electromagnetic survey (non-invasive, coarse line spacing) and ground truthing: soil and rock-chip sampling, geological mapping and geophysical surveys. Exploration sampling and drilling may occur at a later stage should initial test results appear viable.

I&APs Registration: The purpose of the review and registration period is to introduce the proposed project and to afford Interested and Affected Parties (I&APs) an opportunity to register and comment on the Non-Technical Summary (NTS), to ensure that potential issues and concerns are brought forward, so that they can be considered and assessed during the impact assessment process.

Registration period is effective from **07 to 21 April 2021**.

I&APs and stakeholders are required to register for the project at: <https://eccenvironmental.com/projects/>

The team at ECC will then maintain contact with all registered I&APs to engage and to keep them informed as the ESIA process develops. ECC will also provide registered I&APs input opportunities and review periods throughout the assessment process.
