17th August 2021

Identified Stakeholder and/or Potentially Interested Party for:
Osino Resources' Twin Hills Gold Project, Karibib District

Dear Sir/Madam,

RE: NOTIFICATION OF ENVIRONMENTAL ASSESSMENT FOR THE PROPOSED OSINO RESOURCES' TWIN HILLS GOLD PROJECT, KARIBIB DISTRICT IN THE ERONGO REGION.

Environmental Compliance Consultancy (ECC), has been engaged by Osino Gold Exploration and Mining (Pty) the proponent, to act on their behalf for the environmental clearance certificate application for the proposed Osino Resources' Twin Hills Gold Project, Karibib District in the Erongo Region.

The proposed project will entail open pit mining by conventional drill & blast, load & haul with a fleet of mobile mining equipment. Gold bearing ore will be processed by crushing, cyanide leaching, carbon-in-pulp (CIP) processing, electrowinning and then smelting in an induction furnace to produce gold bars.

This letter is intended to engage stakeholders and potentially Interested and Affected Parties (I&APs) of the project and provide a communication channel to ECC for the project. Project specific details will be shared through this channel as the project develops. As part of the public consultations, public meetings have been scheduled, as per the below:

Public participation is an important part of the ESIA process, as it allows the public to obtain information about the proposed project. Public participation occurs at various stages throughout a project lifecycle:

1. Please **register as an I&AP**
2. Register for the project at: <https://eccenvironmental.com/projects/> or call ECC to register and if you are unable to complete the registration form online please email info@eccenvironmental.com and request an electronic copy of the form that you can complete, sign, scan and return via email to info@eccenvironmental.com to register as an I&AP for the project.
3. Registered I&APs will receive a project Background Information Document (BID) via email. The BID will also be shared on our website www.eccenvironmental.com/projects/, when it is available.
4. Registered I&APS will also be notified of the draft scoping report for a 7 days comment and review period, once available. During this period the public will have the opportunity to review the draft document and raise any issues or concerns

The closing date to receive written comments and or concerns will be the 24th September 2021.

ECCs values community input and participation in our projects and we look forward to working with you as the project develops. Should you require further information, please do not hesitate to contact us.

Yours sincerely,
