

Name of Consultant: Jessica Bezuidenhout

Position / Profession: Environmental Specialist

Date of Birth: 24 October 1984

Nationality: Australian – Namibian Domicile, mother of a Namibian child.

Email: jessica@eccenvironmental.com

Website: www.eccenvironmental.com

Contact: +264 81 653 1214

TERTIARY EDUCATION:

Federation University Australia: **2003 – 2006** Bachelor of Applied Science – Environmental Management

OTHER TRAINING:

- Management Systems Leadership
- ICAM – Incident Causes Analysis Method
- Certificate II in Metalliferous Mining Core Safety and Risk Management
- Certificate III in Mine Emergency Response & Rescue
- Level 3 – HLTFA402B Apply Advance First Aid Emergency Rope Rescue
- Level 2 – 21593VIC First Aid Level 2 Bonded Asbestos Removal > 10m²
- Leading and Managing People – Brisbane North Institute of TAFE

Professional Associations:

- Chamber of Mines Namibia
- Women on Boards
- The Chamber of Minerals and Energy of Western Australia Industry Member – Mining, Minerals and Resources
- Environmental Assessment Professional Association of Namibia (EAPAN)

PROFILE:

Jessica works as a Lead Environmental Practitioner with a diverse environmental background. Mrs Bezuidenhout has leading practical experience in fields of construction, exploration, monitoring and audit compliance, consultancy, operations, water treatment and wastewater treatment plants, environmental approvals, legal, minimising operational impacts, community liaison, including indigenous relationship management, mine closure and rehabilitation.

KEY AREAS OF EXPERTISE:

Environmental Management	-	Project Management
Environmental (and social) Impact Assessments (EIAs)	-	Conducting and managing various small to large scale EIAs Compiling EIA Reports and EMPs Coordinate and review specialist studies
Environmental & Social Compliance reporting	-	Environmental and Social compliance audits in the construction and mining industry

LANGUAGES:

	Read	Write	Speak
English	Excellent	Excellent	Excellent

SUMMARY OF EXPERIENCE AND CAPABILITY:

Jessica has 15 years of mining and construction experience in the SHEQ field, with 7 years of that being in Australia and 8 years in Namibia and Southern Africa. Her first three years were as an Environmental Systems Coordinator where she obtained regulatory approvals, oversaw operational budgets and bond management for mine closures, oversaw compliance and ensured environmental and social aspects of international management codes were adhered to. The following 3 years she worked in the environmental management field as a Site Environmental Manager managing various projects and bringing sites into full compliance with environmental legislative frameworks, while also being responsible for the environment, sustainability, and social reporting portfolio. She then went on to work as an Environmental Consultant where she was responsible for mine closure and rehabilitation and sustainability reporting. Since 2016 Jessica has been a Managing Director of Environmental Compliance Consultancy (ECC) spearheading many environmental impact assessments undertaken in Southern Africa, advising clients and has thus gained great practical experience and knowledge on local and international compliance and auditing standards such as IFC and the World Bank.

PROJECT EXPERIENCE

PROJECT	DATE	ROLE
Contracted services by The Australian Defence Force (ADF) for Environmental Management of Defence projects.	2006 – 2007	Environmental Project Manager
Site environmental officer and systems coordinator, Ballarat Goldfields.	2007 – 2010	Environmental Systems Coordinator
Managed the environmental and community aspects of three operations: Savannah Nickel Mine, Copernicus Nickel Mine (currently in care and maintenance) and the operations at Wyndham Port	2010-2013	Site Environmental Manager
A mine closure project taking an operating mine site into the rehabilitation and closure phase. This project involved the full development of a mine closure plan, facilitation of the government	2013-2014	Environmental Consultant

approvals, stakeholder engagement and technical environmental studies to inform the mine closure plan

Full scale construction of new greenfield mine into an operational copper mine - Tschudi	2013-2016	HSE Manager
HSE management of operational underground mines, Otjihase and Matchless	2013-2016	HSE Manager
Director Environmental Compliance Consultancy	2016 – Current	Director and principle environmental practitioner

Projects completed while at ECC

The Environmental Impact Assessment (EIA) for the proposed Walvis Bay Waterfront development	2018	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Conduct the Namibian assessment on the laws and policies relating to six thematic areas based on a compendium of best practices for governments to best deal with the full range of issues related to mining.	2018	Lead Environmental Assessment Practitioner
ESIA amendment for B2Gold Namibia Mining Licence (ML 169) to developed underground mine working for the Otjikoto Gold Mine	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Kunene Regional Counsel Sustainable water supply Pipeline and Ancillary works	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
ESIA application for B2Gold Namibia 10.8 megawatt PV solar upgrade to the B2Gold Power Plant	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
EIA application for sand removal on Farm Okakongo Nord No. 58	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
EIA application for Uris irrigation scheme	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
MAWF permit application for Water Abstraction and Discharge for Uris Irrigation scheme	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
EIA application for University of Namibia (UNAM) Katima Mulilo Campus Expansion	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
EIA application for B2Gold exploration activities EPL 6627 & EPL 6628	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and

		PPP and report review)
ESIA application for farm Tsumore 761 Unit B Irrigation Project	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
MAWF permit application for Water Abstraction and Discharge for Tsumore 761 Unit B Irrigation Project	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
ESIA application for Otjiwarongo Wastewater Treatment and Bulk Water Supply	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
ESIA for the Wastewater Treatment facilities for Gondwanan Collection	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
MAWF permit application for Water Abstraction and Discharge for Gondwanan Collection	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Conduct an environmental assessment in order to complete an Environmental Impact Assessment and Environmental Management Plan (EMP) for Marenica Energy.	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Appointed Environmental Practitioner for the B2Gold exploration activities on EPL 6949. Conduct an environmental assessment in order to complete an Environmental Impact Assessment and Environmental Management Plan (EMP)	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Engaged by Marenica Energy to undertake an Environmental Impact Assessment (EIA) and an Environmental Management Plan (EMP) for EPL's 6663, 7435, 7436, 7278 & 7279 for Nuclear Fuel Minerals	2019	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Engaged by Marenica Energy to undertake an Environmental Impact Assessment (EIA) and an Environmental Management Plan (EMP) on EPL's : 7703, 7340, 7303 & 7172 for Base and Rare Metals, Industrial Minerals, Precious Metals and Semi-Precious Stones.	2020	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Engaged by Mertens Mining and Trading (Pty) Ltd, to undertake an Environmental Impact Assessment (EIA) and an Environmental Management Plan (EMP) to undertake bulk sampling, exploration activities and trial processing on EPL 7699.	2020	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Engaged by Kuiseb Copper Company (Pty) (Ltd) to undertake an ESIA and an Environmental	2020	Lead Environmental Assessment Practitioner managing the EIA process

Management Plan (EMP) for EPLs: 7528, 7529, 7530, 7531, 7532, 7533, 7534, 7535, 7536, 7537, 7538, 7539, 7540, 7541, 7542, 7543, 7730, 7731, 7732,		(including stakeholder engagement and PPP and report review)
Exploration by Cheetah Minerals	2020	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Engaged by Skorpion Zinc (Namzinc) (Pty) (Ltd) to undertake an ESIA and an Environmental Management Plan (EMP)	2021	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Engaged by Afritin Mining Namibia (Pty) Ltd to undertake the ESIA and Environmental Management Plan (EMP)	2021	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Project Wings - engaged by Headspring Investments (Pty) Ltd to undertake the Environmental, Social and Impact Assessment and Environmental Management Plan	2021	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Application for an Environmental Clearance Certificate for Twin Hills Gold Project	2021	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Engaged by Votorantim Metals Namibia (Pty) Ltd to undertake the ESIA and Environmental Management Plan (EMP) for exploration activities on EPL 8127	2021	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)
Engaged by to undertake an ESIA and an Environmental Management Plan (EMP) for the stage 2 expansion of the pilot tin processing plant on Mining Licence (ML) 134, held by Uis Tin Mining Company	2021	Lead Environmental Assessment Practitioner managing the EIA process (including stakeholder engagement and PPP and report review)

Contact: +264 81 733 5626

TERTIARY EDUCATION:

University of Stellenbosch: 2012 Bachelor of Science (Honours) in Biodiversity and Ecology

University of Stellenbosch: 2009 - 2011 Bachelor of Science in Biodiversity and Ecology

Professional Associations:

- Environmental Assessment Professional Association of Namibia (EAPAN)
- Namibia Chamber of Environment (NCE) (2017 – 2021)
- Namibian Uranium Institute (2017 – 2021)
- Women in Mining Association Namibia (WIMAN)

PROFILE:

As a holder of a BSc (Hons) in Biodiversity and Ecology from Stellenbosch University and over 12 years of experience in the construction, exploration and mining industry, Carlene is passionate about conserving the Namibian environment by ensuring legal compliance for projects she is involved in. Carlene has been engaged with all aspects of environmental management in the construction, exploration and mining industry and is an ISO integrated management systems lead auditor. Additionally, since 2022, Carlene has actively worked as an environmental assessment practitioner across industry within Namibia.

KEY AREAS OF EXPERTISE:

Environmental Management	- Environmental management systems (EMS), environmental management plans (EMPs), environmental and social management plans (ESMPs), environmental monitoring and compliance programmes, overseeing ESIA process and reviewing reports, mine and rehabilitation closure development, public participation & stakeholder management, documentation alignment and review to
--------------------------	--

Auditing and Incident Management	-	standards, due diligence assessments ISO integrated lead auditor (ISO 14001:2015, ISO 9001:2015 & ISO 45001:2018) ICAM incident investigation
Project Management	-	Management of various projects on a supervisory level

LANGUAGES:

SUMMARY OF EXPERIENCE AND CAPABILITY:

Since 2013, Carlene has been working in the construction, exploration and mining industry, with a main focus in the uranium mining sector. Carlene has been actively involved at an industry and national level to assist with the development and implementation of best practise standards for exploration and mining activities. Carlene has been exposed to all aspects of environmental management during her career and at a supervisory level. Carlene is an ISO integrated lead auditor. Carlene has been involved with EMS and EMP/ESMP development and implementation, monitoring (bio-physical & biodiversity) and compliance programmes development and implementation, mine closure development and the ESIA process whilst working on the Husab Mine. Carlene has joined the ECC team in 2022 where she has been actively involved in the ESIA process and monitoring/EMP compliance for clients. Additionally, Carlene has assisted with rehabilitation and closure planning, due diligence reporting and the application of secondary permits/licences within the Namibian context.

PROJECT EXPERIENCE

PROJECT	DATE	ROLE
Bulk Earthworks for the Husab Uranium Mine Project for WBHO (Namibia) (Propriety) Limited	2013	Environmental Officer
Swakop Uranium (Pty) Ltd Husab Uranium Mine exploration, construction and early operations	2013 - 2016	EMP Compliance Technician/Environmental Officer
Swakop Uranium (Pty) Ltd Husab Uranium Mine exploration and early operations	2016	Acting Environmental Superintendent
Swakop Uranium (Pty) Ltd Husab Uranium Mine exploration and early operations	2016 - 2017	Senior Environmental Officer
Swakop Uranium (Pty) Ltd Husab Uranium Mine exploration and early operations	2017	Acting Environmental Manager
Swakop Uranium (Pty) Ltd Husab Uranium Mine exploration and operations	2017 - 2021	Environmental Specialist/Superintendent
Engaged by Andrada Mining Namibia (Pty) Ltd to oversee environmental monitoring, EMP compliance and reporting programmes, secondary permits/licences applications activities on ML 134, ML 133, ML 129 and EPL 5445	2022 - 2025	Senior Environmental Practitioner/Manager and lead on project
Engaged by Osino Namibia Holdings (Pty) Ltd to oversee environmental monitoring, EMP compliance and reporting programmes, secondary permits/licences applications and ESIA amendment work activities for ML 238	2022 - 2025	Senior Environmental Practitioner/Manager and lead on project

Engaged by QKR Navachab Gold Mine (Pty) Ltd to oversee environmental monitoring and EMP compliance and reporting programmes, ESIA assessment work, OEMP development and implementation, rehabilitation plan development and implementation for mining (ML 31 and ML 180) and exploration activities (EPL 999 and EPL 3275)	2022 - 2025	Senior/Principal Environmental Practitioner/Manager and lead on the project
Engaged by Jumbo Charcoal (Pty) Ltd to oversee the air quality monitoring programme	2022 - 2024	Senior Environmental Practitioner/Manager and lead on the project
Engaged by Kuiseb Copper Company (Pty) Ltd to oversee environmental compliance and reporting programmes	2022 - 2025	Senior Environmental Practitioner/Manager and lead on the project
Engaged by Cheetah Minerals Exploration (Pty) Ltd to oversee environmental compliance and reporting programmes	2022 - 2025	Senior Environmental Practitioner/Manager and lead on the project
Engaged by Bigen Kuumba Infrastructure Services to oversee the environmental compliance and reporting as an independent environmental practitioner of the railway line upgrade from Walvis Bay to Kranzberg	2022 - 2024	Senior Environmental Practitioner/Manager and lead on the project
Engaged by Namibia Marine Phosphate (Pty) Ltd to undertake and ESIA for the Sandpiper Marine Phosphate Project	2022	Senior Environmental Practitioner and lead on the project
Engaged by Shali Mining (Pty) Ltd to undertake an ESIA for the Ongombo Project	2022	Senior Environmental Practitioner on the project
Engaged by Consolidated Copper Company (Pty) Ltd to oversee environmental monitoring and EMP compliance and reporting programmes for their three mining licence sites (Matchless, Tschudi and Otjihase)	2022 - 2025	Senior/Principal Environmental Practitioner and lead on the project
Engaged by Craton Mining and Exploration (Pty) Ltd to oversee environmental monitoring and EMP compliance and reporting programmes for ML 197 and EPL 8550	2022 - 2025	Senior/Principal Environmental Practitioner and lead on the project
Engaged by Sorexa Sun Energy (Pty) Ltd to oversee EMP compliance and reporting programmes	2023 – 2025	Senior Environmental Practitioner on the project
Engaged by Mandarin Investments (Pty) Ltd to oversee environmental monitoring and EMP compliance and reporting programmes on EPL 4818	2023 - 2025	Senior Environmental Practitioner on the project
Engaged by Elevate Uranium (Pty) Ltd to oversee environmental monitoring and EMP compliance and reporting programmes on EPL 6987	2024 - 2025	Principal Environmental Practitioner
Engaged by Diaz Wind Power (Ltd) to oversee EMP compliance programmes for the Diaz Wind Farm, Lüderitz	2024 - 2025	Principal Environmental Practitioner and lead on the project
Engaged by Langer Heinrich Uranium (Pty) Ltd to	2024 - 2025	Principal Environmental Practitioner

oversee the air quality monitoring programme and reporting for operations		and lead on the project
Engaged by Mariental Piggery (Pty) Ltd to assist with the development of a rehabilitation action plan, monitoring programme and secondary permit applications to the Department of Water Affairs	2024 - 2025	Principal Environmental Practitioner and lead on the project
Engaged by Richwater Oyster Company (Pty) Ltd to develop and EMP and apply for an environmental clearance certificate for aquaculture farming activities Mile 6, Salt Works, Swakopmund	2024 - 2025	Principal Environmental Practitioner and lead on the project
Engaged by IJG Advisory Services (Pty) Ltd to assess and compile an environmental and social due diligence report for activities of Namibia Marble and Granite (Pty) Ltd on ML 142 and marble processing plant in Karibib	2025	Principal Environmental Practitioner
Internal senior peer technical reviewer for all ECC related Project industry work	2022 - 2025	Senior/Principal Environmental Practitioner

CARLENE BAUFELDT

Luke Cecil Towers

Name of Consultant: Luke Cecil Towers
 Position / Profession: Principal Environmentalist and Hydrogeologist
 Date of Birth: 29 January 1989
 Nationality: South African
 Email: luke@eccenvironmental.com
 Website: www.eccenvironmental.com
 Contact: +27 60 681 2060

QUALIFICATIONS:

University of Stellenbosch:	2012	BSc. Earth Science (Geology)
University of the Free State:	2013	BSc. Geology (Hons.)
IGS University of the Free State:	2018	MSc. Geohydrology

PROFILE:

Luke Towers is a highly skilled and experienced environmentalist and hydrogeologist with a BSc in Earth Science (Geology) from Stellenbosch University and an MSc in Hydrogeology from the University of the Free State. Luke is a registered as a Professional Scientist with the South Africa Council of Natural Scientists. With extensive experience in water resource management, environmental monitoring, and environmental assessments across Southern and East Africa. He is proficient in ESIAs, EMPs, secondary permits, compliance, ECO, water resource management and project management across various industries including mining, civils, industrial and renewable energy.

KEY AREAS OF EXPERTISE:

Hydrogeology	-	Groundwater assessment and development, hydrogeological monitoring and water resource management
Project Management	-	Management of teams through Southern Africa for various projects. Former director of a earth science consultancy.
Environmental Management and Social Impact Assessments ESIAs, Environmental Management Plans (EMPs).	-	Compiling EIA reports and EMPs. Coordinate, and review specialist studies. Review EIA reports Environmental Management Systems (EMS). Public participation and stakeholder management.

LANGUAGES:

	Read	Write	Speak
English	Fluent	Fluent	Fluent
Afrikaans	Fluent	Fluent	Fluent

SUMMARY OF EXPERIENCE AND CAPABILITY:

Luke Towers has over 11 years of experience in the environmental sector throughout Southern and Eastern Africa. He originally trained as a geologist and hydrogeologist but branched out into the environmental sciences over the years. Experience gained has been through various roles, particularly as Technical Team Member, Key Expert, Study Leader and Project Manager.

Luke has experience in undertaking Environmental Impact Assessments in South Africa and Namibia as well as developing and monitoring compliance of Environmental Management Plans and various secondary permits. Luke is versed in a broad range of aspects relating to environmental science, geology and hydrogeology having experience in groundwater assessments and development, water resource management, contaminated land assessments, soil classification, water strategy development for urban and rural water supply, social and gender studies, capacity building to municipalities, environmental authorisations and compliance, stake holder engagement and project management. Luke has worked in rural and urban areas alike and has gained experience in stake holder engagement with rural communities and traditional authorises.

In early 2024, Luke joined Environmental Compliance Consultancy (ECC) as the Principal Environmentalist and Hydrogeologist. Prior to this, he was a director of an earth science consultancy in South Africa as well as the head of Water Science as the senior hydrogeologist. Prior to that Luke gained experience in mineral prospecting in Botswana and coal exploration in Australia.

Luke Cecil Towers

Name of Consultant: Monique Jarrett

Position / Profession: Environmental Practitioner

Date of Birth: 25 March 1997

Nationality: Namibian

Professional Memberships: EAPAN No. 234

Email: monique@eccenvironmental.com

Website: www.eccenvironmental.com

Contact: +264 81 3811 474

QUALIFICATIONS:

University of Namibia (UNAM):	2016 – 2020	Bachelor of Science (Honours) in Environmental Biology
The International University of Management (IUM):	2024 – 2025	Master of Science in Climate Change Mitigation and Adaptation (Candidate)

PROFESSIONAL ASSOCIATIONS:

- Environmental Assessment Professionals Association of Namibia (EAPAN)

PROFILE:

As a dedicated and knowledgeable environmental practitioner Monique is currently pursuing a master's degree in Climate Change and holding a Bachelor's Honours degree in Environmental Biology. She has three years of hands-on experience in conducting Environmental Impact Assessments, drafting Environmental Management Plans, and managing environmental compliance and mining license tenements. She has further expertise climate risk assessments, GHG emissions accounting (Scope 1, 2, and 3), and mitigation/adaptation strategies for mining projects. Assessing potential climate change impacts on various projects while ensuring compliance with GHG Protocol, TCFD, and ESG standards. Additionally, she has extensive experience in stakeholder engagement, organizing and facilitating public meetings, addressing community concerns, and integrating feedback into several Environmental Impact Assessments (EIAs) to shape sustainable project outcomes. Passionate about ecology, biodiversity conservation, and climate change, she is committed to leveraging her skills and education to contribute to the mitigation of climate change, environmental management and the preservation of natural ecosystems.

KEY AREAS OF EXPERTISE:

Environmental (and social) Impact Assessments (EIAs) (ESIAs)	-	Compiling EIA Reports and EMPs Public Participation & Stakeholder Management
Environmental Management	-	Environmental Management Systems (EMS), Tenement management, Environmental monitoring and compliance, and Public Participation & Stakeholder Engagement.

Climate Change Policy and Assessments	-	Climate Policy and Governance, Climate Change Communication and Education, Corporate Sustainability, Environmental Justice, Conducting climate change risk assessments, GHG Emissions Accounting (Scope 1, 2, and 3), Climate Adaptation & Mitigation Strategies
Stakeholder engagement	-	Leading public meetings, fostering open dialogue and transparency in environmental and climate risk discussions. Supporting ongoing stakeholder engagement, ensuring community voices shape project scopes.

LANGUAGES:

	Read	Write	Speak
English	Excellent	Excellent	Excellent

SUMMARY OF EXPERIENCE AND CAPABILITY:

Monique is a committed environmental professional with four years of experience in the environmental industry, holding a degree in Environmental Science. She has authored multiple articles addressing a wide range of environmental issues and has worked with various private and non-governmental environmental organizations since 2018. Her extensive experience in environmental awareness includes serving as a climate change ambassador for Gobabeb and the UNDP in 2021.

Since joining ECC in October 2021, she has been involved in numerous Environmental Impact Assessments, compiled Environmental Management Plans, and conducted various EMP compliance monitoring audits. She holds a certificate in Climate Change Policy and Climate Finance and is currently pursuing a master's degree in Climate Change. She has also worked in conjunction with climate specialists to conduct climate risk assessments. Her dedication and expertise make her an asset in advancing environmental sustainability and climate change mitigation efforts.
